

Easily create professional RAMS....

What eRAMS users say...

Our business has been using eRAMS since its inception. **eRAMS has improved our health and safety standards** and is widely accepted by our clients. We would recommend eRAMS without hesitation.

Peter Smith, Senior Administrator, Scovac

eRAMS is user friendly but looks **professional** when we send it out to our clients who say that our RAMS are **some of the best** that they have seen from their sub-contractors! The fact that eRAMS is **free-to-use** for ECA members makes it difficult to see why anyone wouldn't consider changing their current RAMS producing method!

Darren Price, Goodwin & Price

eRAMS brings all the right elements together; being able to easily create, distribute & store HSE documentation keeps the **safety of all** involved in our projects **paramount**.

Matthew Dodson, Director, Vic Coupland Ltd

The eRAMS service provided by the ECA has **saved my business time and money** and is a **vital tool** in managing our health and safety obligations.

Paul Kent, Company Director, Kent Electrical Contracting Ltd

eRAMS is certainly a more **integral part** of our company's day-to-day operations now and to be honest **we welcome eRAMS with open arms**.

Steve Whiteman, Contracts Manager, CHS Electrical Ltd

eRAMS is **concise, straight-forward and easy to use** when assessing the hazards and risks associated with a particular activity or set of activities. In addition, by using a service backed by ECA, this **adds to the credibility of the process and documentation with our clients**.

Mark Foster, Health & Safety Co-ordinator, Vallectric Ltd

eRAMS is a field-tested professional software solution for creating and storing all your contract Risk Assessments and Method Statements
Free to ECA Members.

www.eca.co.uk/erams
www.eca.co.uk/join-the-eca

eRAMS is freely available to ECA members only. eRAMS is additionally commercially available to CHAS registrants at a discounted price. Visit www.chas.co.uk for more information. Terms and conditions apply. All information is correct at the time of going to print and is subject to change.

How will eRAMS benefit my business?

All employers have a duty to assess health and safety risks, and those with 5 or more employees need to record them. With eRAMS, your business can create high quality, professional risk assessments and method statements to help you improve health and safety, gain competitive advantage and win more business.

The Power of eRAMS...

- Upload graphics & images to add clarity to your Method Statement
- Quantify Risk Assessments by estimating levels of risk numerically
- Colour-coded Risk Assessment matrices
- Successfully field-tested by hundreds of contractors
- Print & send or save RAMS for future use & assessment
- Build your brand. Personalise your RAMS with your company logo
- Clone RAMS for identical tasks to save time

A Risk Assessment...

- Identifies significant hazards & risk of someone being harmed
- Identifies control measures to eliminate or reduce the risk to an acceptable level

A Method Statement...

- Identifies the health and safety - related aspects of the work
- Details the risk control measures to ensure the health and safety of all involved
- 20,000+ eRAMS Method Statements and climbing!

- Create CDM Construction Phase Plans online using our concise & flexible CPP template
- For anyone acting as a main or principal contractor!
