

## ECS Health and Safety Assessment Service delivered by the ECA

### Important

Please read ALL the information below before calling or making a booking.

### Who needs to pass the ECS H&S Assessment?

The majority of UK construction sites will require onsite workers and site visitors to have achieved an appropriate level of health and safety knowledge before they are permitted to enter construction areas. Due to this requirement, the ECS card scheme requires all those applying for cards to hold or obtain a minimum level of health and safety knowledge.

The ECS H&S assessment is required by all candidates applying for an ECS card who do not have an exemption to the test. For a full list of exemptions go to:  
[www.ecscard.org.uk/content/Health,-Safety-Environmental-Assessment](http://www.ecscard.org.uk/content/Health,-Safety-Environmental-Assessment)

If you are unsure about your eligibility for an ECS card and which H&S assessment you should undertake, please visit the ECS card website, [www.ecscard.org.uk](http://www.ecscard.org.uk). No responsibility can be accepted for candidates who book and undertake the wrong test and no refund will be given in such circumstances.

**Bookings to take the ECS Health and Safety (H&S) Assessment can be made by an individual or by a business on behalf of multiple employees.**

### The Assessment Process and Format

ECS H&S assessments are delivered using computers or tablet style devices.

### Preparation and Revision Material

An ECS Question and Answer book is available to help candidates prepare for their ECS Health and Safety assessment and candidates should take care to only to obtain only the ECS publication.

**Important:** We require candidates to obtain the ECS question and answer book at least **ten working days** prior to sitting the assessment, to allow adequate time for preparation. In the case of multiple bookings, it is the employer's responsibility to ensure that this condition is satisfied.

Due to the specific electrical content in the ECS assessment, books supplied by other agencies (CITB etc.) are not appropriate. The book contains all the questions and answers from the database that is currently used for the assessment.

### How to obtain the ECS Question and Answer Book

Download a free, electronic copy from the H&S assessment section on the ECS card website; [www.ecscard.org.uk/content/Health,-Safety-Environmental-Assessment](http://www.ecscard.org.uk/content/Health,-Safety-Environmental-Assessment) - or indicate the quantity of printed copies of the book you require by post (at a cost of £4.50 each) on the booking form. Books ordered (and assessments) must be paid for at the point of booking.
